Dear colleagues,

It is my great honor to invite you, on behalf of the Association for preventive pediatrics of Montenegro, and the organizational committee, to participate the First Congress of preventive pediatrics of Montenegro with the international participation, that will be organized in Bečići, Budva, Montenegro, 21 – 23. October 2016, in hotel 'Splendid'. The first Congress of preventive pediatrics of Montenegro with the international participation, named 'Preventive pediatrics as a fountation of the health system' will be organized under the patronage of Ministry of Health and Ministry of Science of Montenegro, and supported by UNICEF and WHO. The congress is accredited by The Medical Association of Montenegro.

Te lectures will be held by the eminent experts from the field of preventive pediatrics, from Montenegro and foreign countries, who will, with interesting and, above all, useful topics give exceptional importance to this international meeting, and to the advancement of science in the field of pediatric medicine.

Dear colleagues, the intention of the congress organizers is to, on the scientific base, emphasize the importance of preventive pediatrics as a foundation of health system, which ia also taken as the official thematic tittle of the congress.
